

EXPLORE LOMBOK

Welcome to the Pearl of **Indonesia**

If you want to take one stop-site for escapism, Lombok can be a sensational getaway you might never regret. Taking only 30 minutes flight from Bali and listed as one of “1,000 Places to See Before You Die”, it offers an exotic blend of beauty, from tropic natural beauty of beaches and majestic view of Rinjani Mountain to cultural richness of Sasak indigenous people. Regarded as “unspoiled Bali” and one of the world’s main destinations for its underwater view, Lombok provides natural beaches encompassed with unique landscape to the fabled portrait of Rinjani Mountain.

Sekarbela “Pearl Village”, Banyumulek “Pottery Village”, and Sukarara “Weaving Village” are the villages where you will be able to not only buy local souvenirs and pearl jewelries, but also to experience the pearl farming on your own. Your trip story hasn’t ended yet since you still can grasp another impressive tale of Lombok traditional cultures by visiting “Sasak” village. Either for nature lover, culture explorer, or serene seekers, Lombok will undoubtedly allure visitors and tease them to come back.

Main Attractions

Rinjani Mountain

Unveil the fabled portrait of Rinjani Mountain looming over the island of Lombok. In November, Rinjani Mulang Pakelem Traditional Ceremony is annually held in Segara Anakan—a crater in the height of 2,000 m above sea level (out of Rinjani's height of 3,700 m above sea level). To enter Rinjani, there are 2 routes, Senaru and Sembalun. Visitors mostly start from Senaru and end the trekking route to Sembalun.

The Gili

Get ready for an underwater adventure you will never forget!

Being a home to the beautiful yet endangered Blue Corals, the underwater view between Gili Meno and Gili Air is considered one of the best diving spot in the world. You can also enjoy the marvelous sunset at “the young and hype” Gili Trawangan.

Kuta Beach

Known for having similar name with Kuta Beach Bali, Kuta Beach - Lombok offers a more natural and unspoiled beauty. The beach hosts “Bau Nyale”, a cultural tradition where local community gathers in the seashore to collect the sea worms, annually held between February and March.
